PRESIDENTS REPORT

Hi Everyone,

Well here we are half way through the year before we know it Christmas will be here.

Congratulations to Norma and the cast for a successful first show of the year .

Congratulations also to the Tivolettes who have had a very successful year so far lets hope the good audience attendance deeps up for the remainder of the year.

Very little has been happening behind the scenes. Our upgrade to the light system was put off as we were told we would be moving at the end of the year.

It now seems in typical MCC

style that nothing moves fast so we are not to move at the moment and we can plan our 2010 season.

We also raised the parking issue again at our most recent meeting with the council with very little joy. The extreme lack of available parking in the area prevents the council from putting aside parking just for the Tivoli.

Just a reminder to everyone there is free parking in Moreau Mews both in the street and the car park, so tell your friends and family.

We will hopefully be doing some outside promotional work and possibly performances later in the year, both Tivoli and Tivolettes. If you are interested in helping out or being involved

I'll be seeing you

please let one of the committee members know

I am pleased to see that people from big Tiv and Tivolettes have been supporting each other by attending performances. I hope you will continue to support each other throughout the year.

The amendments to the constitution as tabled at our last AGM have now been passed.

Enjoy the rest of the year, and be involved—it's YOUR CLUB!

Regards,
